

February 24, 2014

The Honorable Hannah-Beth Jackson
Chair – Senate Judiciary Committee
Room 4085
State Capitol
Sacramento, CA 95814-4900

Dear Chairwoman Jackson:

As required under Section 1936 of the Civil code related to vehicle rental agreements, in December 2011 Mineta San José International Airport completed the process to implement the collection of per day customer facility charges to pay the costs to design, finance and construct a rental car facility. Subsection (I)(2)(i) of Section 1936 of the Civil Code requires that airports collecting the per day customer facility charges must provide reports of required information on an annual basis to the Senate and Assembly Judiciary Committees. The purpose of this correspondence is to provide the required information for the fiscal year ending on June 30, 2013. The Airport is submitting the information required by subsection (I)(2)(i) as follows:

(I) The total amount of the customer facility charge collected.

In FY 12-13, the Airport realized a total of \$13,384,764 in \$6 per contract day customer facility charge (CFC) revenues.

The collected revenues have been verified as part of the City of San José's citywide annual single audit for the fiscal year 2012-2013. The citywide audit report was completed on November 12, 2013, except for the portion of the report on federal awards, the schedule of passenger facility charge revenues and expenditures and the schedule of customer facility charge revenues and expenditures were completed on February 6, 2014. The audit was completed by the auditing firm of MGO Certified Public Accountants.

(II) How the funds are being spent.

Of the \$13,384,764 collected in customer facility charges in fiscal year 2012-2013, \$13,384,764 was expended for debt service of the rental car facility.

(III) The amount of and reason for any changes in the airport's budget or financial needs for the facility or common-use transportation system.

There were no changes in the Airport's budget or financial needs for the facility.

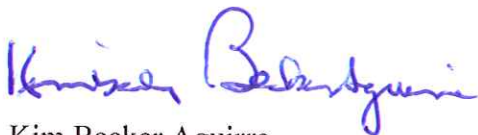

The common use transportation is currently not funded by customer facility charges but by the rental car companies directly.

(IV) Whether airport concession fees authorized by Section 1936.01 have increased since the prior report, if any.

The airport concession fees imposed on the rental car companies referenced in Section 1936.01 have not increased during FY 2012-13.

If the Committee has any questions on the aforementioned information, please feel free to contact James Webb, Jr., my Assistant to the Director for Government & Legislative Affairs. Mr. Webb can be reached at (408) 392-3609 or at jwebb@sjc.org.

Sincerely,

Kim Becker Aguirre
Director of Aviation
